

# What About Us

## Yeng Constantino

waking up without you seems  
the saddest day of my life  
co'z i used to see  
you smiling  
and everyday i' ll open my eyes

and hearing you sweet voice  
he's calling my name  
it's all i wanna hear everyday  
now your gone  
it cannot be the same  
it cannot be the same .. ..

REFRAIN ::  
what happen to us ..  
where is this thing called love ..

CHORUS ::  
is it my fault ?  
is it you ?  
or is it me ?  
is it goodbye ?  
or is this what we want us to be ..  
what about the things that we have shared  
what about the promised that you've said?  
and baby .. what about us

i cant imagine vividly  
the very first time that you held me  
it felt so right  
as you can feel the way you touch my face  
and every night your sweet embrace  
o why ..

repeat REFRAIN en CHORUS

are you thinking of me right now

co'z i'm going crazy ..  
how can i mend this broken heart  
come baby tell me  
what i gonna do to understand  
what i gonna do to make us stay ..

repeat REFRAIN en CHORUS
