

Well Well Well

[John Lennon](#)

Well, well, well, oh well
Well, well, well, oh well I took my loved one out to dinner
So we could get a bite to eat
And though we both had been much thinner
She looked so beautiful, I could eat her Well, well, well, oh well
Well, well, well, oh well I took my loved one to a big field
So we could watch the English sky
We both were nervous, feeling guilty
And neither one of us knew just why Well, well, well, oh well
Well, well, well, oh well
Well, well, well, oh well We sat and talked of revolution
Just like two liberals in the sun
We talked of women's liberation
And how the hell we could get things done Well, well, well, oh well
Well, well, well, oh well I took my loved one to a big field
So we could catch the English sky
We both were nervous feeling guilty
And neither one of us knew just why Well, well, well, oh well
Well, well, well, oh well
Well, well, well, oh well
