

A Dream

Cut Copy

You think my life's a dream.

I'm dreaming my life away. You think my life's a dream.

I'm dreaming my life away. Run, run in circles, barely running. You think my life's a dream.

I'm dreaming my life away. Barely running. You think my life's a dream.

You think my life's a dream.

You think my life's a dream.

You think my life's a dream.
