

# Knock on My Window (feat. Dubalay)

## Ben Hazlewood

You say you don't love me, you don't know  
Say you're gonna leave me, you won't go  
I won't play your mind games, no more  
Oh... this time I know it for sure

When we are together, it's not enough  
People think we're crazy, it's just us  
Every time we break up, we make... up...  
Sometimes I wonder why I put up

'Cause you, leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock knock knock me down

You say that it's different, this time  
Say that you will make me change my mind  
But I've heard it a thousand times  
I'm not gonna believe all your lies

I see your silhouette out in the moonlight  
Creeping around here tonight  
You know that's it's got to stop 'cause something just ain't right...

'Cause you, leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock knock knock me down

'Cause you, leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock knock knock me down

Close the curtains and lock the door  
I don't wanna feel like this no more  
Mistakes that your making, the love that you're taking, the time that you're wasting, this heart that your breaking

Close the curtains and lock the door  
I don't wanna feel like this no more

Mistakes that your making, the love that you're taking, the time that you're wasting, this heart that your breaking

Yeaaaah...

Leave me baby then you knock on my window

Oh

Leave me baby then you knock on my window...

Woahh...

Hello baby it's been a minute and now your back  
I bet you heard I've been doing my thing and writing raps  
And I ain't acting the same way girl I'm not needy  
So I ain't doing a thing like I'm your damn genie

I think you knocking on my window because your friends see me And now your scheming of getting with me  
for that reason

Wait a second I think your cool we could make this grow  
Only joking I'm sorry baby you gotta go

Leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock knock knock me down

Leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock on my window  
Leave me baby then you knock knock knock me down

You knock knock knock me down  
You knock knock knock me down  
You knock knock knock me down down down
