It`s Alright Now

The Beloved

summer haze
find you woken up and it's a brand new day
time for back to basics in the old style way
being bold, just growing old and dreaming awayin summertime
stretching out and smiling in the warm sunshine
moving on and upward in a grand design
living large and lovin' you and feeling finewell, it's alright now
don't you worry about a thing
'cause when the morning comes around
i'm gonna make your heart sing
well, it's alright now
don't you stop and wonder why
i'm gonna put my arms around you
we're gonna light up the sky
yeah, it's alright nowsummer dream
effortlessly gliding on a ride downstream
well, is you is or is you ain't just part of the team
feel free and you can feel cleanwell, it's alright now
don't you worry about a thing
'cause when the morning comes around
i'm gonna make your heart sing
well, it's alright now
don't you stop and wonder why
i'm gonna put my arms around you
we're gonna light up the sky
yeah, it's alright now
