Captain Midnight (short)

Tomahawk

Wake up, our past stops right now
I see light, must be you
Watch and learn, burning it blueBlood boiling in slow motion
Only shines distortion
Don't be afraidWhat? Are you surprised?
I'm stayin' alive, I spit in your eye
Drive a stake in youTake me away, take me away
I gave you the world, it was all for you
But I'm sick and tired of wasting time, I want mineTake me away, take me away
I gave you the world, it was all for you
Stinkin' lies, stinkin' lies, stinkin' liesWe'll die, tryin' to live so long
I can't wait and I should
Leave the phone of the hookDon't be afraid
Don't be afraid
Don't be afraid
