Back of Your Head

Cat Power

Big monsterBig monster lover, bigger pusher over
Stands alone in most walks of life
Walks alone in most walks in lifeSee you looking through me
Like you've unzipped the zipper
You hold the big picture so well
Can't you see that we're going to hellCouldn't park that fucking car
Couldn't part from you
Saw the back of your sweet mother's head
Now I know that she thinks I am deadBurnt flavor you hold the big picture so well
Can't you see that we're going to hellBig monster lover, bigger pusher over
Stands alone in most walks of life
Walks alone in most walks in life
