

# Lower East Side

## Anchor & Braille

I designed it like this oh  
Where you don't understand me anyway  
I remind you of bliss  
Parallels adrift  
I'll remind you, I'll rewrite it like this If I couldn't try  
If I couldn't try what would I be  
Tell me what would I be  
Lower east side Driving in the lines  
I'll be drifting  
Watch us we'll be lifted  
It replayed in my head oh  
So much better than this  
Fall for me here and now  
Fall for me now and then  
And then and then If I couldn't try  
If I couldn't try what would I be  
Tell me what would I be  
Lower east side  
Driving in the lines  
I'll be drifting  
Watch us we'll be lifted If I couldn't try  
If I couldn't try what would I be  
Lower east side  
Driving in the lines  
I'll be drifting  
Watch us we'll be lifted  
If I couldn't try  
If I couldn't try what would I be  
Lower east side  
Driving in the lines  
I'll be drifting  
Watch us we'll be lifted
