Twista

Cocaine, forget it by the quarter
Bring it by the pound, straight through the border
Cocaine, bring it 'cross the water
When it touch down, serve it on the corner They taste it, they taste it, they comin' right back
Comin' right back, they comin' right back
You taste it, you taste it, you comin right back

Came to the table and count about fifty stacks 'Cause I know somebody
Who can come right over the border

And so they got Cocaine, forget it by the quarter
Bring it by the pound, straight through the border
Cocaine, bring it 'cross the water
When it touch down, serve it on the corner They taste it, they taste it, they comin' right back
