World Is Static

Jimmy Eat World

The longest time away.
Think last time the friends we made.
The longest time away.
Best friend is too cheap to stay.Of course I'll go with you, not every day I get to.
Of course I'll stay with you, how often.
Pictures tell so much.
They remind me often.Your voice brings back so much... situations.
Between the money and your every move, acceptance.
Between the money and your every move.
We both know things never change.
We both know static prevails.Take a seat at your request.
Five years I'm still there.
The longest time away, my friend.
