

Come On, Let's Go (Demo)

[Ritchie Valens](#)

Well, Jessie, doll, darlin', I love you so
Oh, I will never never never let you go
Come darlin', let's go on by by by Take my by the hand once again, darlin'
Tell me that you love me and you'll never never leave me
That's the way I wanna do, ooo-ee, ooo-ee Let's go down to the park once again
There we'll love each other again and again
Tell me that you'll always love me so I'll give you once, kiss you again
And darlin' I'll hold your hand
And I'll never never let you go
Come on baby, won't you love me so? Oh, now let's go by, by again
Come on little baby, go back in
And I'll never never let your love go, let's go Well, now you tell me that you love me so
And you'll never let me go
I'll love you, baby, until then
Until death do us part So come on down, let's go by back again
Come on little baby, go back in
And I'll never never let your love go, let's go
