Changing Hands

Trapt

When the crutch you used to walk with splinters into pieces
When the beaten path as beat you down so hard that you still feel it.
When the burdens to heavy to carry alone
I can take it off your shoulders
Too heavy a burden to carry on your own
You were there for me, I'm here for youPain keeps changing hands
Fate keeps changing hands
Words you cannot handle
You know that I can
Help me, help me understand
Let the pain change hands
I can handle you at your worst
If it leads me to the better half
I will find a way to put you first
So both of us don't finish last
When the burdens to heavy to carry alone
You need someone in your corner
To heavy a burden to carry on your own
You were there for me I'm here for youPain keeps changing hands
Fate keeps changing hands
Words you cannot handle
You know that I can
Help me, help me understand
Let the pain change handsWhat holds you now, holds it all back
What holds you down, is what you hold back
Let it out, nothing to take back
I feel you now
Pain keeps changing hands
Fate keeps changing hands
Words you cannot handle
You know that I can
Pain keeps changing hands
(When the burdens to heavy to carry alone)
Fate keeps changing hands
What I cannot handle, I know that you can
(To heavy a burden to carry on your own)
Help me help me understand
(When the burdens to heavy to carry alone)
Let the pain change hands

(To heavy a burden to carry on your own)
You were there for me I'm there for you
