

# You're My First, You're My Last

Linda Jo Rizzo

There was a time that love for me  
Was like a candy store  
It tempted me and looked so nice I wanted more  
And when you came into my life, it was a dream come true  
I was little girl again, you felt it too

But then you only took my love for a ride,  
Can't you see I'm breaking up inside

You're my first  
I give you all of my love  
You're my last  
Cause I can't take any more, don't love again  
It's only breaks my heart in the end, my heart

You're my first  
I give you all of my love  
You're my last  
Cause I can't take any more, don't love again  
It's only breaks my heart in the end, ooh heart

There was a time when I was strong  
And tried to walk away  
But when you asked me back again, I had to stay  
I can't believe in all your lies, you were still the same  
Why do we have to keep on playing silly games

Cause I know you used to take my love for a ride  
Now can't you see I'm breaking up inside

You're my first  
I give you all of my love  
You're my last  
Cause I can't take any more, don't love again  
It's only breaks my heart in the end, my heart

You're my first  
I give you all of my love  
You're my last  
Cause I can't take any more, don't love again

It only breaks my heart in the end, ooh heart
