

# Holy Roller

## Nazareth

Holy roller, lookin' down  
Where you think you know all the answers  
Arrogance and pride are sin  
Better look to your, own chances Holy roller, can you save your own soul?  
Can you save your own soul?  
Holy roller Standin', up for Jesus that's your thing  
But you're standin' on people's hearts  
Charity is a virtue to be praised  
Better get back on Jesus' track Holy roller, can you save your own soul?  
Can you save your own soul?  
Holy roller Holy roller, practice what you preach  
Heaven, it's still within your reach  
Holy roller, don't you judge  
What you think is goin' wrong Holy roller, can you save your own soul?  
Can you save your own soul?  
Holy roller Holy roller, can you save your own soul?  
Can you save your own soul?  
Holy roller
