Walk With Me

Joe Budden

Come and take a walk with me
I need all of y'all to come and take a walk with me
I need for all of y'all to feel what I'm goin' through
And see what I see, if you got time then take a walk with me
Wait a minute now, shit ain't like I thought it would be
Come to Jersey from New York with me, I know your busy
But take the time out to walk with me
Pay attention on this tour with me
maybe I'm seeing something wrong
Come along and make sure with me
Come and take a short walk with meI'm seeing a couple things wrong with the way that I'm living
So come and walk with me I just need a second opinion
I'll introduce you to my friends, I gotta see if you notice
If they loyal or if they all got an alterior motive
They some snake niggas, me and them don't deal anymore
Ever since I got signed I don't know whats real anymore
I'm paranoid so excuse me if I seem to be nervous
But everybody from my past now they trying to resurfaceTrying to rekindle, they don't think I know they got Limo
I got cousins I never knew they trying to pass me their demo
Maybe I'm wrong like I told you man I need your opinion
Me and them never spoke before
So I don't see whats so different
Dudes I don't know they recognize me start extending their hand
And I'm trippin' ready for beef when he was only a fan why
'Cuz these niggas in my hood say they don't like how I'm reppin'Let me know how strongly you feel, will I be needing my weapon
As some sort of protection should I carry a pen
And pad and ask everybody in the fuckin'
Hood for they suggestions?
I'm letting the labels know that Jersey city is gifted
When they ain't no that Jersey city existed
But its cool you all
Certain cats in Jersey city so hateful
And certain cats in Jersey city ain't gratefulAll they say is I don't chill anymore and ever since I got signed
They don't think I'm real anymore
I'm told I shouldn't be alone 'cuz I'm a star in my hood
"Something might happen Mouse
They know who you are in the hood", they do

So I can't tell you how I feel anymore
And ever since I got signed I can't tell what's real anymoreCome and take a walk with me
I need all of you all to come and take a walk with me
I need for all of you all to feel what I'm goin' through
And see what I see, if you got time then take a walk with me
Wait a minute now, shit ain't like I thought it would be
Come to Jersey from New York with me, I know your busy
But take the time out to walk with me
Pay attention on this tour with me
Maybe I'm seeing something wrong
Come along and make sure with me
Come and take a short walk with meSee to me is heavy, but to you it may seem petty
Lets continue walking I know you ain't tired already
I'll take you to meet my girl I gotta see if you notice
If she love me or if the bitch got an ulterior motive
Why am I hated 'cuz I handle my business
Ain't gotta look for a girl now a days
'Cuz almost all these niggas is bitches
See I'm often while we walking I'll show you the drug dealersAnd some dudes that hate me
Word on the street's is they real killers
Where was the hate back when I wasn't on my feet?
A alcoholic, school dropout, just a bum on the street
Where was the hate durin' my adolescence?
Back when that physicatrist was trying hard
To get me on them anti-depressants
I don't recall none of this happenin' back thenAnd I don't understand I was still rappin' back then
So I gotta ride with a gun for trying to get my mom
And pop up outa the slums
And provide for my son
If you met my baby moms would you notice?
If she was ready for a child?
Or if her ass had an alterior motive
I don't know what she's teaching TreyBut every day he get older
Angie's bitter and feel like now that I'm successful I owe her
'Cuz she would hold me so tight when I was ready to relapse
Tell me to relax, I ain't know no better straight outta rehab
Bottom line I was lonesome, but we was grown for each other
Angie I grown some, got bigger issues
If you went to Def Jam would you notice
If they was out for my best interest
Or do they just see a dollar in Joseph?Guess I ain't sure how I feel anymore
Ever since I got signed I can't tell whats real anymore
I mean them same record Executive that wanted me in
Don't care that I'm the next nigga they just wanna see spends
Guess I ain't sure how I feel anymore

Ever since I got signed I can't tell whas real anymore
You feeling me, dogCome and take a walk with me
I need all of you all to come and take a walk with me
I need for all of you all to feel what I'm goin' through
And see what I see, if you got time then take a walk with me
Wait a minute now, shit ain't like I thought it would be
Come to Jersey from New York with me, I know your busy
But take the time out to walk with me
Pay attention on this tour with me
Maybe I'm seeing something wrong
Come along and make sure with me
Come and take a short walk with me
