My Music

Sistars

Intro Let me tell 'about my best friend
Let me tell you all (3x)

[Refren:]
My Music
(set me free, filled me)
My Music
(moved my brain, fulfilled me)

1.
We met each other long time ago,
When I was about'a 3 years old, yeah.
That time we struck up a blood decree,
that none of us is gonna leave the other.
She told me to listen to my heart,
so I could find my source, my pride, yeah.
She never betrayed me, or lied to me.
She's the one I could believe..

'Refren:]
My Music
(set me free, filled me)
My Music
(moved my brain, fulfilled me)

2.
Boy! Now it came to me (shame on me)
I was blind, but now I see
This music is so much bigger than me,
growing still through the centuries
Didn't know how to do my thang,
I didn't know how to handle this game.
Ej! Now's my turn, I'm a doin this shit
Gimme your hand and follow me
And this is how the story goes :
I've been around the world, been around the coasts.
If I'm wrong in rhymes, you can stop me now,
But tell me how could I stop makin' chicks go WOW!
I'm about to brake'em off somethin' propa.
As you see nobody can stop us.

Takin our time, I'm a doin' this shit.
Gimme your hand and follow me

[Refren:]
My Music
(set me free, filled me)
My Music
(moved my brain, fulfilled me)
