Burn

Vinnie Vincent Invasion

(Vinnie Vincent)
Burn little star our time is here
Yeah, I got my wheels of fire shifting into gear
I'm an easy rider looking for somebody new
I'm a hot rocket aiming straight for you
Rev on the red line
The revolution's high
You've got me snow blind
As the sirens softly sing me to your fire
CHORUS
Burn
Baby burn
Burn
I'm on fire--burning for you baby
Burn
I'm on fire
Prowling hotter that a funeral pyre
I'm spell bound as I cruise the velvet night
Well, my blood's so hot I could set
The night on fire
Oh--I love--I love--I love--I dream
About the things I wanna do to you baby
Oh she's a live wire
Like dynamite--she's TNT
Oh she's love power
I can feel her kiss of fire melting me
REPEAT CHORUS
