Keep on Dancing (Lifting Peaks Remix)

Dcx

We'll keep on
we'll keep on

They were young
1960's
the summer love
was yet to come
the boy took a fall
for her stiletto heels
didn't matter though
the band was playing strong

Your first spring break
marry first graduate
and always groove on
get your home estate
that bachelor party
it's when we move on

We'll keep on

They got married
1980's
little baby girl
with chocolata eyes
she used to do hair
like Michael on MTV
watching Superstars
one day she'd be one

Your first spring break
marry first graduate
and always groove on
get your home estate
that bachelor party
it's when we move on

We'll keep on dancing
