

Heat Of The Night (Dave Mathias Vocal Club Mix)

Paulina Rubio

We can dance till our lips collide
You bring my body back back to life
In the heat of the night, heat of the night
In the heat of the night
La la la la la la la! Give me lights, love and fire tonight
and a kick drum I just cant deny
I wanna lose it, lose it, lose it
I'm gonna do it, do it, do it. Build me up, make me rise like the tide
put it on me, im down for the ride
I wanna lose it, lose it, lose it
I'm gonna do it, do it, do it.
We can dance till our lips collide
You bring my body back back to life
In the heat of the night, heat of the night
In the heat of the night
La la la la la la la! We can dance till our lips collide
You bring my body back back to life
In the heat of the night, heat of the night
In the heat of the night
La la la la la la la! Give me shivers i cant shake away
if im leaving can u make me stay
just keep it moving, moving, moving
and ill be cruising, cruising, cruising. Turn it up till im loosening my brain
shut it down, baby, drive me insane.
Just keep it moving, moving, moving
and ill be cruising, cruising, cruising.
We can dance till our lips collide
You bring my body back back to life
In the heat of the night, heat of the night
In the heat of the night
La la la la la la la! We can dance till our lips collide
You bring my body back back to life
In the heat of the night, heat of the night
In the heat of the night
La la la la la la la! Were out in the lasers
tonight, were dancing on the stars
you know how to make me
feel like i am the only one. We can dance till our lips collide
You bring my body back back to life

In the heat of the night, heat of the night

In the heat of the night

La la la la la la la la!

We can dance till our lips collide

You bring my body back back to life

In the heat of the night, heat of the night

In the heat of the night

La la la la la la la la!
