

# Spread Your Wings

## Dreamland

[Verse 1]

You're all alone  
And you are staring into nowhere  
A heart of stone  
A bright reflection comes before your eyes

Satisfaction grows stronger  
All come forward for longer

[Chorus]

Oh, Spread your wings and fly  
Oh, Destination beyond the sun  
Oh, Answers undefined  
Whoah

[Verse 2]

Afraid to lie  
Sometimes it's hard to see the picture  
Oh I tried to fly down  
End you tomorrow and deny the world

There's no reason to cry  
That's no way to survive

[Chorus]

[Bridge]

But we tried to see  
It's a game to me  
But I've thrown my aces  
And now I am standing here with empty hands

[Solo]

[Chorus x3]
