You Keep On Moving

Glenn Hughes

You keep on moving
Far away, far away
You keep on moving
Far away, far away
Everyday, wheels are turning
And the cry...still returningDawn will soon be breaking
The day has just begun
You put your arms around me
Like a circle 'round the sun
Dance across the seasons
To a place that no one knows
Where angels fear to treadYou keep on moving
Far away, far away
You keep on moving
Far away, far away
Everyday, wheels are turning
And the cry...still returning
