

# You Keep On Moving

Glenn Hughes

You keep on moving  
Far away, far away  
You keep on moving  
Far away, far away  
Everyday, wheels are turning  
And the cry...still returningDawn will soon be breaking  
The day has just begun  
You put your arms around me  
Like a circle 'round the sun  
Dance across the seasons  
To a place that no one knows  
Where angels fear to treadYou keep on moving  
Far away, far away  
You keep on moving  
Far away, far away  
Everyday, wheels are turning  
And the cry...still returning
