

# Swim

## Fishbone

Coming up from the sound  
It's got you swimming around  
Metal's crushing your bones  
As you hit the ground  
No blood no foul  
Back into the pool  
No diving from here  
Fuck that rule I like to swim  
Into the mosh Up the side and straight down the middle  
Jam with Link and Walt just a little  
Then I'm back in the mix  
Brain Dead Goliath trying to grab my leg  
I break that tackle like Bo  
Then I head for the heads I like to swim
