

# Gonna Make Changes

Phyllis Hyman

Wouldn't you know it?  
I finally arrived  
Made a good life for myself  
Got it together  
Feel mighty strong  
Making for a better life

Gonna make changes  
Gonna make minds aware  
Moving together  
Willing to share  
There's power in the masses  
Collectively we can win

Gonna make changes  
Gonna make changes  
Gonna make changes

Feel my emotion  
Hear what I say  
The things I want I want for you  
Who am I fooling  
If I'm to believe  
That I'm any more than you

Gonna make changes  
Make them for everyone  
Search out for gladness  
And pass it to everyone  
Just keep on with believing  
That's what we gotta do

Gonna make changes  
Gonna make changes  
Gonna make changes

Ooo...ooo...  
Yeah...yeah...

Oh, gonna make changes

Make them for everyone  
Search out for gladness  
And pass it to everyone  
Just keep on with believing  
That's what we gotta do

Gonna make changes  
Gonna make changes  
Gonna make changes  
Making changes

Gonna make changes  
Gonna make minds aware  
Search out for gladness  
Moving together  
Pass it to everyone (To share)  
There's power in the masses  
Collectively we can win

Gonna make changes  
Making changes

Gonna make changes  
Making minds aware  
Moving together  
Willing to share  
There's power in the masses  
Collectively we can win

Gonna make changes (whoa...)  
Making changes

Changes...  
Make them everywhere  
Moving together  
Willing to share  
There's power in the masses  
Collectively we can win
