Point At You

Justin Moore

Advisory - the following lyrics contain explicit language:

I've always been one of them boys

Rollin' around in jacked up toys

Making noise on small town Friday nightsRed light running, good time chasing,

Guess I've earned this reputation

Probably never shake it but that's alrightI've got a rough side, a wild side

At least a country mile wide

A fightin' side after a few

If they wanna see my sweet side

My soft side, my best side

I just point at you

Yea, point at youGirl I ain't sure just what it is

That's got me all tore up like this

Your kiss done melted down this heart of stoneI still like to get a little crazy

But something about your loving baby

It breaks me down and makes me wanna haul ass homeI've got a rough side, a wild side

At least a country mile wide

A fightin' side after a few

If they wanna see my sweet side

My soft side, my best side

I just point at you

Point at you yeahOh girl I wouldn't blame ya if you tried to change me

Lord knows I'm hard to hold

But I guess you kinda like all of my sides

And I ain't letting you go

Cause my best side is holding me close

Point at you, yeahI've got a rough side, a wild side

At least a country mile wide

A fightin' side after a few

If they wanna see my sweet side

My soft side, my best side

I just point at you

Oh baby, I just point at you

Girl I point at you
Oh babe my best side is you
Girl I point at you
