

# Apocalypse Sonata

## Revent

Anyone can hurt  
Anything can sink  
Anytime at all  
Leave us to the earth  
Leave us to the pull  
Leave us to the sun

Anyone can fall  
Anything can sink  
Anytime at all  
Leave us to the pull  
Leave us to the earth  
Leave us to the sun

Let it go  
I donâ€™t know why Iâ€™ve been jaded so long  
Even reason we sold  
Hollywood never promised us anything  
There is no control

Nothing to be done  
Nothing to be saved  
Anything to burn  
Anything to be brave  
Leave us to the stars  
Leave us to the waves

Nothing will be won  
Nothing will be changed  
Everyone will burn  
No one will remain  
Leave them to the wolves  
Leave them to the waves

Let it go  
I donâ€™t know why Iâ€™ve been jaded so long  
Even reason we sold  
Hollywood never promised us anything  
There is no control

Hollywood never promised us anything  
Weâ€™re all on our own
