Break Every Rule

Tina Turner

Every road that I walk
Every single flight I ever take
Though I'm thousands of miles away
In my mind every journey leads me closer to you
I've been all around this world
I've been in far too many states
But I'm under your spell
I've made my mistakes, oh you can probably tellYou're every dream that I dream
You're every beautiful thing I've ever seen
I'm always singing your praises
Counting the days away
I would be your slave
I'd even be your fool
I'm so in love with you
I'm in love with you baby
I'm gonna break every ruleI hope you can forgive
Every white lie I'm forced to tell
They say that everything's fair in love and in war
And I'm not above cheating for you
One night I'll catch you off your guard
And you'll finally fall so hard
Strategically speaking I'm already beaten
I'll surrender to youYou're every dream that I dream
You're every beautiful thing I've ever seen
I'm always singing your praises
Counting the days away
I would be your slave
I'd even be your fool
I'm so in love with you
I'm in love with you baby
I'm gonna break every rule
