

# Bite Hard

## Franz Ferdinand

You don't know I sing these songs about you  
You don't know the pseudonyms I assume  
You don't know the pseudonyms I assume for you Are you happier now that the gods are dying  
Or do you dream of Heston with omniscient fear?  
You should be happier now with no one to pray to  
Or would I love to break your knees from beggin' and prayin' Bite hard, well, it's a broken smile  
Breaking their hearts and breaking their minds  
Bite hard, well, it's a 505  
Your engine's alive, we ride together  
Bite hard, bite hard I may be lonelier now but I'm happy alone, honest  
I ain't lonely alone but what would we talk about anyway?  
No, I'd never resort to kissing your photo, honest  
I just had to see how the chemicals taste now, honey Bite hard, well, it's a broken smile  
Breaking their hearts and breaking their minds  
Bite hard, well, it's a 505  
Your engine's alive, we ride together  
We ride together, we die together  
Bite hard, bite hard, oh, bite hard Oh, I never, I never, I never, no, I never  
I just had to, I just had to  
I just had to see my honey Bite hard, well, it's a broken smile  
Breaking their hearts and breaking their minds  
Bite hard, well, it's a 505  
Your engine's alive, we ride together  
We ride together, we die together
