

# Your House

## Steel Pulse

Your love is a life for I  
Realized that so much  
When I first met you  
That was some time ago oh  
From then until this  
Resist no no no close to you  
Oh yes right from the start  
Oh no no no could never part  
Oh I hear from that thoughtCHORUS  
-----I wanna live in your house  
I wanna live in your house  
You say dry your \_ nose  
Wipe that tear drop from your... eyeWas in a little situation  
Came with a solution  
Was a revelation to hear  
Triumphant calling  
Triumphant trumpets  
SCAT  
Spap spa da dap pap spa spaCHORUS  
-----I wanna live in your house  
I wanna live in your houseOh I no hear  
Too much for what some say  
Cause at the close of the day  
They'll be so far away  
But then I know  
One things for certain  
Came at the closing of the  
Woo oh oh oh  
Yes, I know one thing for certain  
You'll be there you'll be there  
It was you  
That raise the flag above I head  
Once when I was once when I was  
In a little situation  
Came with a, came with a solution  
Was a revelation to hear  
Triumphant calling  
Triumphant trumpetsCHORUS  
-----I wanna live in your house

I wanna live in your house To make I home  
To make I home yeh  
I wanna live
