

# Shattered

orange yellow red

Falling worlds  
Voices glow  
Secret days  
Sacred words  
Talk this out  
Shattered now  
Tainted fear  
Useless tears and I feel I feel we've drifted apart (and I can't feel anymore)  
And I fear  
Reached the point  
I still want you  
Want this perfectly Lift me up  
Tear your heart  
Don't you know  
I can't cope  
Watch you close  
Watch your moves  
Sickly sweet  
So sincere....
