

On The Floor

Frankie J

What's dime like you holdin' up the wall for
You should be dancin', uh yeah
You should be dancin', uh yeah
All the guys in the spot
Better, yet nobody's had the nerve
To talk to you, so let me talk to you You lookin' good from your head
Down to your shoes girl
What's your name and who you with
And do you got a man
I can't believe that you came in by yourself, girl
But if it's up to me I'd guarantee
That you won't leave here alone Oh, oh, oh, yo body's like, whoa
Oh, oh, oh, I'm trying to get you on the floor
Oh, oh, oh, you already know what it is
So girl, stop acting and get to dancing, oh, oh, oh Now quit playing
Come on, get in da groove
Back it up, get low, let ya body move, girl
The DJ's playing my song
I've been waiting all night long
And I'm glad to be dancin' with you You looking good from yo head
Down to yo shoes girl
Cause the way that you're grinding
Has got me in a trance, girl
I can't believe that you came in by yourself, girl
If it was up to me I'd guarantee
That you won't leave here alone, yeah Oh, oh, oh, yo body's like, whoa
Oh, oh, oh, I'm trying to get you on the floor
Oh, oh, oh, you already know what it is
So girl, stop acting and get to dancing, oh, oh, oh Girl I know that you want to
So let's stop wasting time and let's dance all night
Cause I know what you want and I got what you need
So girl, come with me
I wanna make it good for you Oh, oh, oh, yo body's like, whoa
Oh, oh, oh, I'm trying to get you on the floor
Oh, oh, oh, you already know what it is
So girl, stop acting and get to dancing, oh, oh, oh
