

# Strolling Down the Highway

Bert Jansch

Strolling down the highway  
I'm gonna get there my way  
Dusk till dawn I'm walkin'  
Can hear my guitar rocking?While I stroll on down  
On down the highwayPeople think, I'm a crazing  
The Lord above ain't lazing  
The sunshine's all day long  
The garlic's far too strongWhile I stroll on down  
On down the highwayWhile I stroll on down  
On down the highwayThe cars won't stop for no one  
They don't think that you're just rolling down  
They think you're an OAS spy  
Gonna shoot them as they go byNo cars, they won't stop  
Won't stop for no oneStrolling down the highway  
And I'm gonna get there my way  
Dusk till dawn I'm walkin'  
Can hear my guitar rocking?While I stroll on down  
On down the highway
