

Take Me Along (Jorge Duran Remix)

Miley Cyrus

The city of angels is lonely tonight
Keep myself alight by candlelight
So she can love you like I do
Look me in the eyes and say it's true
I ask myself is this love at all
When I need you most, you let me fall
I'm always here at the side of your stage
Let you live your life
Pretend I'm okay (don't you know)
I'll be okay
I'll hold you close we'll stay forever, I don't understand why you're leaving me
I, I don't understand, how without you I can breathe
Please don't, don't leave me here
Take my hand and breathe in deep
I don't understand why you can't take me with you You can pretend I don't exist,
But you will see my face every time you kiss
I hope you heard any walls fall down,
When you hear the sound that I'm okay (don't you know)
I'll be okay
You can't hold me down, I will stay forever, I don't understand why you're leaving me
I, I don't understand how without you I can breathe
Please don't, don't leave me here
Take my hand and breathe in deep
I don't understand why you can't take me with you I watched you leave
I'm awake tonight
And I'm letting go for the last time
And through the tears I say goodbye
So breathe in, breathe in, breathe in, breathe out, I, I don't understand, why you're leaving me
I, I don't understand how without you I can't breathe
Please don't, don't leave me here
Take my hand and breathe in deep
I don't understand why you can't take me with you
Don't leave me here
Please don't leave me here
I, I don't understand,
How without you I can breathe
Please don't, don't leave me here
Take my hand and breathe in deep

I don't understand why how can't take me with you
