# Forget About The Rain

## Trapt

I know I've go to try
To look to better days
Well I don't feel alright
Yeah you know its not the same
The weather her was nice
But the sun has gone away
Tell me why those clear skies have suddenly changedI don't know where I am going
I just hope that I'm not alone
Oh I hope I'm not aloneIs there a space reserved for me
Sheltered from the wrong, who really knows
Who really knows[Chorus]
Just forget about the rain,
Don't let your worries wash you away
And lets forget about the rain
Hold on to the cover before the storm comesWhen the sky is overcast
The clouds are the darkest gray
I remember what I had
Oh I dream of yesterday,
So caught up in the past
The memories don't fade
I know this wont last,
In the past I cant stayI don't know where I am going
I just hope that I'm not alone
Oh I hope I'm not aloneIs there a space reserved for me
Sheltered from the wrong, who really knows
Who really knows[Chorus]As soon as I am here, dry up all your tears
The sun will come to shine on you again,
They will disappear and so will all your fears
And the storm that you've been hiding from will end[Chorus][Repeat: Until end]
Lets forget about the rain
