

# Hustle (Feat. Turf Talk, R. City)

## E-40

[Chorus]

I, I live and sleep on these streets

Cause I have got to get mine

My fam, see we gotta eat

So when people ask me why

Why

Don't ever I slow down

Oh I just simply reply

I don't really know how

So I

Hustle

Hustle

Hustle

(E-40) I'ma hustler believe me

You know I Hustle

Hustle

Hustle

(E-40) and this ain't easy

So I Hustle

Hustle

Hustle

(E-40) I'ma hustler believe me

You know I Hustle

Hustle

Hustle

(E-40) and this ain't easy[E40]

Money and muscle

I gotta black belt in hustling

I'm doing my thing

Chain around my neck look like a playground swing

Unit mover

Pockets fat like Raspushia

Ask your chick

I got oil on my tongue

Pimp I talk real slick

Where the real ones go?

They don't make them like me no more.

Hustler

I'ma whole 'nother animal

I'ma whole 'nother animal  
I'ma whole 'nother beast  
Never switch up, I come from the streets  
Papered up like a fax,  
I'm rare like white running backs  
I'm getting my gouda  
I'ma be the first hustler that set up shop on Jupiter[Chorus]Let me introduce myself homeboy  
Any MC I will destroy  
West, west, west coast boy  
Speakers in the trunk keep making noise  
I'm so fly  
I that guy  
28 inches sitting high  
I'm a star  
What you thought  
Everywhere I go  
They snap shots  
Everywhere I go they know turf  
Medallions jiggling off my shirt  
See no skeep falling off my jeans  
Benjamin frank  
George Washington  
Gotta keep pushing, pushing weight  
Fillet Mignon steak on my plate  
Staring in my rear view cant slow down  
If getting money is wrong  
Arrest me now[Chorus][Bridge]  
They ask me what your doing bruh  
I say that I hustle everyday  
My men's don't sleep, we always upCause we cant live off minimum wage  
Middle finger right to the other side  
I know that I just want to get paid  
When you hear this one go ahead and turn it up  
From virgin islands out to the bay[Chorus]
