

# Still There For Me

Zac Efron and Vanessa Anne Hudgens

TROY

Lately ive been thinking bout the things that weve been through

And i dont know if id be here

If not for you

I had to take a little time to try to work things out

And you should know that i have never ment to let you down

BOTH

Cause i, i.. wanna tell you that im sorry

and i, i...

even when im not givin enough and im takin to much,

youre still there for me

even when i got nothing at all

and im ready to fall

youre still there for me

TROY

there for me

BOTH

there for me

even when i cant be there for you

TROY

Youre always there for me

GABRIELLA
