

Lil' More Love (Radio Mix)

Johnta Austin

Ooh, oh

Ooh, oh

Ooh, oh

Ooh, ohHow many people know about

That, that in the middle of the night love

You know brown folks know what I'm talkin' aboutY'all know what this is

So, so defOoh, it's midnight

And I'm tappin' you on the shoulder

I just got home from work

And I wanna do you know what

(Hey)Yeah, it's 12:02

And I'm slidin' up under the covers

I'm leavin' on my socks

'Cause I got my mind on lovin' youDon't understand enough

How we feel about, now you know

When I get like this somethin' is gonna happen

And you have the means to make me feel

Like I'm welcome you got a lot but as sweet as candy

I don't ever wanna stop, babyGive me just

(A little more kissin')

Baby, would you give me just

(A little more feelin')Oh, give me just a little more love

(Baby)

Give me just

(A little more touchin')Baby, would you give me just

(A little more rubbin')

Oh, give me just a little more loveIt's so special

(When you come alive)

It's so special

(When you get it right)Ooh, it's so special

(When you call my name)

Mean what you sayIt don't take ya long to get in the groove of thangs

To get in the move of thangs that you like and I like

Lord, it only takes one touch

To get you to do the thangs that I love so much

Baby, I'm a sucker for youDon't understand enough

How we feel about, now you know

When I get like this, somethin' is gonna happen

And you have the means to make me feel like I'm welcome

You got it a lot but as sweet as candy
I don't ever wanna stop, baby Give me just
(A little more kissin')
Baby, would you give me just
(A little more feelin') Oh, give me just a little more love
(Baby)
Give me just
(A little more touchin') Baby, would you give me just
(A little more rubbin')
Oh, give me just a little more love Give me just
(A little more kissin')
Baby, would you give me just
(A little more feelin') Oh, give me just a little more love
(Baby)
Give me just
(A little more touchin') Baby, would you give me just
(A little more rubbin')
Oh, give me just a little more love
