Second Best

Hudson Taylor

All the people all around us
Talking to and all about us
It's the same
It'll go awayAre you trying to be helpful?
Are you sleeping in the devil's company?
PossiblyDon't wake me up, I'm not sleeping
I'm not asking for any rest
And as long as I am breathing
I won't settle for second bestWe can teach ourselves the lessons
And we can change it any second of the day
We used to sayAre you trying to be helpful?
Are you sleeping in the devil's company?
PossiblyDont wake me up, I'm not sleeping
I'm not asking for any rest
And as long as I am breathing
I won't settle for second bestLove the life that we don't have, I wouldnt change a thing
Not much but we don't mind I wouldn't change a thing
Love the life that we don't have it wouldn't change at all
Not much but we don't mind it wouldn't change at allDon't wake me up I'm not sleeping
I'm not asking for any rest
and as long as I am breathing
I won't settle for second bestDon't wake me up I'm not sleeping
I'm not asking for any rest
and as long as I am breathing
I won't settle for second bestI'm not asking for any rest
