

Little Miss Strange

The Hellecasters

No one knows where she comes from
Maybe she's a devil in disguise
I can tell by looking in her eyes Little miss strange
Little miss strange Little miss strange came into my parlor
I don't know just what to ask her
I don't remember what we did after Little miss strange
Little miss strange Little miss strange came out of the darkness
Walked across my head, I stood beneath the light
I'm talkin' 'bout the dream I had the other night Little miss strange
Little miss strange
