Your Wildlife

Propaganda

Hold me kiss me miss me
Miss me on a rainy day
Though I may be far away
Hold me kiss me miss me
I want you to be
Be there Be there
Your wildlife beats deep inside
Be there Be there
Your wildlife beats deep inside
So what kind of girl do you take me for
Did I say I want you baby
Did I say I want you baby
One day some day
Even if it doesn't mean
Even if it doesn't show I know
Permanently you'll be thinking 'bout me baby
I want you to be
Be there Be there
Your wildlife beats deep inside
Be there Be there
Your wildlife beats deep inside
First time I saw you (International Wildlife)
First time I saw you (In-formation)
First time I saw you (In-formation)
I'll give you everything, everything
Locked up with me, I want you to be
Be there Be there
Your wildlife beats deep inside
Be there Be there
Your wildlife beats deep inside
International Wildlife (In-formation)
