

# It'll Never Happen Again

Cilla Black

I remember  
Our first affair  
All the pain  
Always rain  
Around my eyes  
It'll never happen again  
It'll never happen again Every time  
I leave you alone  
I remember times  
I couldn't come home  
It'll never happen again  
It'll never happen again Why can't you be  
The way  
I want you to be  
Why can't you see  
You've got to change  
And love me I remember  
Our first affair  
All the pain  
Always rain  
Around my eyes
