

DOZING GREEN (Before Construction Ver.)

DIR EN GREY

Mesmerized by those eyes with bugs crawling on them, my breathing stops
My heart calms itself
The refreshing sun mixes in with sound of the rainMy slashed heart dances, and I question in vain
The white voice, the leaking of the breath in the sunThe obscene exposure of the wound
Disappears into nothing, the wind of dogma
Your melting heartThe dark morning, echoing goodbyeMy slashed heart dances, and I question in vain
I just want to be alone right nowA single season of spring, even the tearful neck and you crawling the earthLove
meAbandon hope
