

Heartstrings

Spencer Sutherland

(verse 1)

I can't wait no more
you got me hanging from my last thread
I wanna know for sure
wanna believe every word that you said

(Pre-Chorus)

when we're kissing, bodies pressing
don't I always leave you satisfied
then I wake up and you're leaving
and I never know what's on your mind
I never know what's on your mind

(chorus)

Girl, stop pulling on my heart strings
Let go, why can't you release me
first you say you love me
then you saying you're leaving
I'm the one that's bleeding
bleeding from you pulling on my heart, heart, heart
pulling on my heart, heart
pulling on my heart strings
heart, heart, heart
pulling on my heart, heart
pulling on my heart strings

(verse 2)

Are you testing me
cause I'll fail even more than you know
you tell me I'm your everything
then I see his face light up on your phone

(Pre-Chorus)

when we're kissing, bodies pressing
don't I always leave you satisfied
then I wake up and you're leaving
and I never know what's on your mind
I never know what's on your mind

(chorus)

Girl, stop pulling on my heart strings
Let go, why can't you release me
first you say you love me
then you saying youre leaving
I'm the one thats bleeding
bleeding from you pulling on my heart, heart, heart
pulling on my heart, heart
pulling on my heart strings
heart, heart, heart
pulling on my heart, heart
pulling on my heart strings

(bridge)

when we're kissing, bodies pressing
don't I always leave you satisfied
If you don't need me, girl release me
cause I'm dying on the inside, inside

(chorus)

Girl, stop pulling on my heart strings
Let go, why can't you release me
first you say you love me
then you saying youre leaving
I'm the one thats bleeding
bleeding from you pulling on my heart, heart, heart
pulling on my heart, heart
pulling on my heart strings
heart heart heart
pulling on my heart, heart
pulling on my heart strings
