Sight Of The Sun

fun.

For once there is nothing up my sleeve Just some scars from a life that used to trouble me I used to run at first sight of the sun Now I lay here waiting for you to wake upThe city outside still sounds like its on fire You put on new sheets The white flag of a Saturday night I know we stayed up talking in circles But I like to think the symmetry Will keep me close to you For everyone Im out to prove wrong, you keep the light on The only one, you know me better than the truth So despite what Ive done I pray to God that we can move on Cause thus far you are the best thing that this life is yet to loseAnd for once there is nothing up my sleeve Just some scars from a life that used to trouble me I used to run at first sight of the sun Now I lay here waiting for you to wake up I lay here waiting for you to wake upSo if you're gonna leave, if you're gonna go I cant bear to sleep without you in my arms I know we got caught up sifting through a crowd of people and losers But you must not let them take you They dont know you like I doFor once there is nothing up my sleeve Just some scars from a life that used to trouble me I used to run at first sight of the sun Now I lay here waiting for you to wake up I lay here waiting for you to wake upDo you remember when we stayed up till the sun stretched through the room? I used to blame it on the queens walking down 7th Avenue Its been years now since we moved Ive gotten through with an excuse You know I try not to speak superlatives But its impossible to youThe city outside is nothing but a flicker now You see our friends to bed, you turn out the lights I start to think youll make a beautiful mother, I I like to think I have everything I want from this life.
