## Childish Gambino

[Featuring: Danny Brown][Verse 1: Danny Brown]  
Flow so pneumonia, yo bitch want my boner  
I take her round the corner then I gave the ho a bonus  
Bitches wanna bone us, we ain't cubic zirconia  
But I will never own 'em so to me them bitches loners  
On the deck, and a tongue flip like the "my" in "My Sharona"  
Got her drip, drip, drippin' like that lemon and Corona  
Bank roll thick like that neck on Sabonis  
But I will never trick, you just get dick and balonis  
Take that tenderoni, and now she ride my pony  
And cheese came with it like a snatch of pepperoni  
I'm an O.G. I'm with CG  
You a he-she, nigga run you back like a repeat  
I'm a pill poppin' ET, Givenchy on a ten-speed  
Hot like Britney, in '03 ya know me  
Smokin' on that Toxic, sippin' on an O.E  
Dippin' in that Molly got me higher than some Flow C[Hook]  
Too high, can't come down  
Too high, can't come down  
Too high, can't come down  
Too high, can't come down[Verse 2: Childish Gambino]  
Fandango my mandingo, we should do a movie  
Groupies lookin' like the Yakuza in my Jacuzzi  
Excuse me I'm on that ooey, my pockets are life with Louis  
Euros is different colors, my wallet look like a Coogi  
He who speakin' the least is Chief Keefin' the peace  
Leavin' seeds in yo niece, prayin' that she ain't late  
Sprayin' like that AK, now that shit my namesake  
'Bino you so nasty, ass like an ashtray  
Smokin' Flying Lotus, used to be Jehovah's  
I'm in yo girl and now she feeling Polish like perogies  
They hopin' that they smoke us  
N'aw man, never that  
Trippin' off that earwax, Danny Brown and D-Stacks  
Ill pandemic, man that shit be everywhere  
Midas is your highness and you horrible like Gummi bears  
Why I'm fly like a cockpit, you don't fly like a ostrich  
Stupid shit like a mosh pit, can't believe this is "Toxic"
