

# What Are You Listening To?

Chris Stapleton

(Verse)

I put that record on  
Girl you know what song  
And I let it play again and again You're in every line  
Takes me back in time  
Yeah tonight I'm wondering (Chorus)  
What are you listening to  
Is it a cover band in some college town bar  
Where it's na-na-na's and air guitars Or is it something to get you through  
Just a sad song playing on the radio station  
Tears still fall and hearts still breakin' Cause you're hanging on  
Or is it a love song about someone new  
What are you listening to (Verse)

I like to believe  
That you're just like me  
Trying to figure out how a good thing goes bad I don't know  
I can't let it go

Yeah it's about to drive me mad (Chorus)

What are you listening to  
Is it a cover band in some college town bar  
Where it's na-na-na's and air guitars And is it something to get you through  
Just a sad song playing on the radio station  
Tears still fall and hearts still breakin' Cause you're hanging on  
Or is it a love song about someone new  
What are you listening to (Bridge)

Is it a feel good song gets you driving too fast  
The one that gets you moving on pass to pass  
Or the kind you can't help singing along  
singing woh-oh-oh-oh-ohhh Is it headphones on on a downtown train

Or a window seat on an outbound plane

Is it LA sunny and Memphis blue

I wish I knew I wish I knew (Chorus)

What are you listening to  
Is it a cover band in some college town bar  
Where it's na-na-na's and air guitars And is it something to get you through  
Just a sad song playing on the radio station  
Tears still fall and hearts still breakin' Cause you're hanging on  
Or is it a love song about someone new  
What are you listening to (Coda)

I put that record on - girl you know what song  
And I let it play again and again
