Buzz

Brittany Campbell

It's that simple
I need the buzz
I-I need the buzz
Life is so much better when I'm fucked up
Up Up Up

It's that simple
I need the buzz
I-I need the buzz
Life is so much better when I'm fucked up
Up Up Up

(OOOOOO0
Hey
I know that you wanna fly
Allow me to get you high
I know that you wanna flow
So I'll keep it on the low
Don't have to tell your girl
Now will you or won't you
You know I wont let you down
As long as you behave

Life's so good when I'm around
I'll slay every girl you've had
Count on me I'll set you free
I'll slay every girl you've had

It's that simple
I need the buzz
I-I need the buzz
Life is so much better when I'm fucked up
Up Up Up

It's that simple
I need the buzz
I-I need the buzz
Life is so much better when I'm fucked up
Up Up Up

I see that you're good to go
But chill for you lose control
Did you say you had some shit
You know Imma need it
Diamonds all in my eyes
Tell everyone bye bye
We headed to the sky
And if you got it
I'll give it to you all night

Life's so good when I'm around
I'll slay every girl you've had
Count on me I'll set you free
I'll slay every girl you've had

Kiss, Bite
Follow the signs
Follow my lines
Arching my back
Taking your time
Then a surprise attack
So right
Into the vibing of my thighs
Buttons unsnap
Rolling my eyes
Everything turns to black
And to the danger I say
Laissez Les Bon Temps Rouler
Let every moment replay
Blasting into outerspace
Planets Erupt
Over it runneth my cup
I see you're not giving up
Anything for
For the buzz
