Faith Divides Us, Death Unites Us

[Paradise Lost](#)

Refrain from the way we were
Slain the invincible
Changed are the the ways of man
Fortitude to face the pathChorus
Vanquish the pain
Don't want to see it fail
(Faith divides us death unites us)
Vanquish the pain
Don't want to seek despair
(Faith divides us death unites us)Tears for a hopeless case
Outside is still so vague
Frayed the landscapes of old
Cleared the indelibleChorus
Vanquish the pain
Don't want to see it fail
(Faith divides us death unites us)
Vanquish the pain
Don't want to seek despair
(Faith divides us death unites us)Cannot sleep through darkened skies
Cannot dream until it's over
Cannot sleep through darkened skies
Cannot dream until it's overguitar soloChorus
Vanquish the pain
Don't want to see it fail
(Faith divides us death unites us)
Vanquish the pain
