

# Easy Way Out

**Roy Orbison**

Darlin' all you do is decieve.  
Always a heartache up your sleeve  
What good does it do to be hidin' the truth  
(Hidin' Hidin')  
The only one you really fool is you.[Chorus]  
Baby I'm teaking the easy way out  
And I know that you know what I'm talking about  
All these games that you play I can live without  
I'm takin' the easy way out Your misbehavin' is tto much to bear  
You got me thinking that you just don't care  
All of your lyin's so hard to believe  
(Lysin' Lysin')  
Why do you do these things to me.[Chorus] Startin' Tonight it's gonna be much better  
It's gonna feel good to get you off my mind[Chorus]
