Blood Oath

Suffocation

Advisory - the following lyrics contain explicit language:

From my soul
I dispose the weak
Enslave, all kings left dethroned
I pronounce
My oath in BloodWithdrawn from my veins I spill
An existence defined
By the paths I saturateLaws you impose
Get overruled
Irrelevant ways of the fools
Sentenced before higher courts
I'm self detained,
In ways you judge notDetours denied,
Tell tales, of masses who failed
Unearth and incinerate the old
Feeble waysFrom my soul
I dispose the weak
Enslave, all kings left dethroned
I pronounce
My oath in BloodBleed the fucking truth
Or die by the fraud
That's become of you
Denounce clones and amongst
Kings, who use the flame and burnBlood in, blood out
Blood in, blood outDetours denied,
Tell tales, of masses who failed
Unearth and incinerate the old
Feeble waysBleed for the oath taken
Bleed for the oath takenDetours denied,
Tell tales, of masses who failed
Unearth and incinerate the old
Feeble waysFrom my soul
I dispose the weak

Enslave, all kings left dethroned
I pronounce
My oath in Blood
